Oak Hill Charter School is excited to announce that beginning on January 4, 2027 a new lunch program will begin at our school! **Anywhere'z Fine** will be utilizing our very own kitchen at the school and cooking meals for our students! We will offer a varied menu that will change every 2 weeks. A few high points of the new program include:

- Variety of food every day with chicken nuggets and fries offered each day for students who do not want the main menu choice.
- Meals will be cooked on our campus and served on site.
- Reduced prices for meals.
- Meals will continue to be ordered and paid for through Omella in order for students to eat with Anywhere's Fine. Emergency meals are separate and will continue to be available for students without lunch.

Please watch Class DOJO for notification on ordering these meals. We are VERY thankful for the parent feedback and our community support for making this change possible!

Sincerely,

Mr. Tiren & The Oak Hill Charter School Board of Directors
